

Education:

GLS University **2023 – 2027**
B.Tech in Computer Science Engineering
Specialization: Artificial Intelligence & Machine Learning
CGPA: 7.29

Higher Secondary Certificate (HSC) **2023**
Nirman High School

Secondary School Certificate (SSC) **2021**
Nirman High School

Technical Skills:

Programming

- Python
- C++
- SQL

AI / ML

Machine Learning

- NLP
- Scikit-learn
- Libraries
- Pandas
- NumPy
- Matplotlib

Databases

- MySQL

Tools

- Git
- GitHub
- VS Code
- Streamlit

Certificates:

- Green Skills & Artificial Intelligence
- AI Tools & ChatGPT (be10x)
- Hour of AI

HET SHAH

-  Ahmedabad, Gujarat
-  +91 88491 31985

Professional Summary:

Final-year Computer Science Engineering student specializing in Artificial Intelligence and Machine Learning. Experienced in developing AI-based projects using Python, Machine Learning, and Streamlit. Passionate about solving real-world problems through technology and eager to begin a career in AI/ML and software development.

Projects:

• MediScan (Capstone Project)

Python | Machine Learning | Streamlit | Scikit-learn | OCR

- Developed an AI-powered healthcare application as a final-year capstone project.
- Implemented machine learning models for disease prediction from medical reports.
- Built a Streamlit interface for report analysis and prediction.
- Applied OCR and data preprocessing for automated report interpretation.

• Incident Response Agent (HackBaroda 2026)

Python | NLP | RAG | AI Agents

- Developed an AI-driven incident management system using Retrieval-Augmented Generation (RAG).
- Implemented semantic search to retrieve similar historical incidents and mitigation strategies.
- Built an intelligent dashboard for incident tracking and automated response suggestions.
- Finalist project at HackBaroda 2026.

• Restaurant Management System

C | Data Structures

- Developed a menu-driven restaurant management application in C.
- Implemented order processing, billing, and inventory management features.
- Applied data structures to improve efficiency in order handling.
- Automated bill generation and minimized manual calculation errors.

Achievements:

-  Finalist – HackBaroda 2026
-  Participated in Cyber Shadex 2026 – Cipher Hunt, GLS University.

Languages:

- English
- Hindi
- Gujarati
